

## *Prayer Requests*

My mom had surgery today. Nothing major, and post-op, she is doing well. But in those uncertain moments as you wait for a surgeon, it does give you such a peace of mind knowing that your friends and family are praying. Lissa Baldwin, Development Assistant, said, "I just don't know how people go through life without a Church family". So true.

Prayers change things. I love [Day of Prayer & Giving for Shults-Lewis](#). Prayer is an awesome opportunity to communicate our Praises and our Petitions to our Father. I love knowing that nearly 20,000 individuals in over 500 congregations are spending time talking to the Father on behalf of OUR ministry.

As I always do for Day of Prayer & Giving, I am asking you, as an individual, as a congregation, to not just scan over these requests. Take the time to pray for each of the kids, each staff member, and the things they have on their hearts. Take time to praise God for the amazing things He has done for us! In my opinion, this is one of the greatest honors and responsibilities we have as brothers and sisters. I'm relying on your prayers.

God is going to do AMAZING things because YOU prayed.

Thank you for loving God and His children,

Beth Frump

## *The Prayer Requests from our kids...*

Not all of our kids filled out requests. One young man because he does not “believe in God or prayer”. SO I ask that you pray for him and pray for the staff, as we continue to share our faith with this young man. Others struggled with what to write, so just pray for our kids.

Also, just recently, we had 3 young ladies and 2 young men leave our program. Please pray for their transitions and their futures.
